CHAMBER OF COMMERCE ANNUAL AWARDS BANQUET SET AT BETHEL INN, JUNE 17

Next Sunday evening, June 17, the Greater Bethel Chamber of Commerce will hold its annual awards banquet and annual meeting at the Bethel Inn starting with a social hour at 5 p.m.

This year the chamber's long established tradition of recognizing certain residents with awards for outstanding citizenship, public spiritedness and business accomplishment will take a unique turn in that the awards for 1984 center on one family. It is hoped that as many people as possible will attend to honor this year's recipients, who have made a lasting mark on the Bethel area community.

Along with the awards portion of the June 17 annual meeting the members of the chamber will be voting on new officers for 1984. Three of the chamber's executive committee, Louise Lincoln, Barbara D. Brown and Donald G. Bennett, will be vacating their respective offices for new members to take their places.

The evening's agenda includes a social hour starting at 5 p.m. followed by dinner at 6:00. The meeting will be called to order for the purpose of presenting awards and an election of new officers. The entire evening is open to the public and anyone wishing to attend to requested to make reservation by calling the Bethel Inn at 824-2175.

Directors' Meeting

The S.A.D. 44 Board of Directors met at the Andover Elementary School on Monday evening of this week.

Several Andover parents were present expressing concern over the disposition of funds remaining for a sixth grade class trip. Originally scheduled to travel to Orlando and Acadia National Park, the class has gone on a day trip to Poppon Beach, and tentative plans are for another trip following the close of school to utilize the rest of the funds.

Mrs. Pamela Berry and John Woodbury of the Telstar Educators Association, presented the views of District 44 elementary teachers concerning "Restructured Days" to the Directors.

The Board granted permission for the American Red Cross to continue on Page Four

GRADUATION EXERCISES FOR TELSTAR'S CLASS OF 1984 HELD LAST FRIDAY EVENING

Graduation exercises of the class of 1984 at Telstar Regional High School were held Friday evening, June 8, at the school's gymnasium.

Following the procession to the familiar staling of "Pomp and Circumstance," the invocation by Rev. Norman Rust, and the singing of "The Star Spangled Banner" by the graduating seniors, those in attendance were welcomed by Class Co-President Christine Davis.

Third honor student Cheryl Parker in her presentation said that graduation is the beginning to a whole new life. "We may be leaving to go to college, to get married, to get a job, or maybe we haven't decided yet. But the decision is ours. Some of you may be rejoicing in the fact that school is over forever, but the fact is that we never stop learning."

Stephanie Smith, Salutatorian, offered thanks to the parents assembled. "Our parents have been the backbone of our lives since childhood," she said. "Children look to their parents for guidance and understanding and value their parents' opinions. Parents must realize their children are people in their own rights and may not always agree with what they say or suggest. Parents can install values and priorities and set a course for their child, but the child has a right to change it."

Valedictorian Lisa Newell congratulated every member of the class of '84 on their special evening, going on to say, "We have worked long and hard to earn the privilege of wearing these caps and gowns. An honor that could continue on Page Five

WEEK-END SEARCH INVOLVES HUNDREDS

Mid-afternoon last Sunday brought a tragic end to nearly two days to intensive searching of a 15-square mile area south of the Songo Pond Road (Route 5), about two miles from Bethel village. The body of Robert P. Chadbourne, Jr., 18, of Bethel, was found by searchers at about 3 p.m. in a swampy area, according to authorities.

Young Chadbourne was last seen Friday morning as he was trimming trees on property owned by the P. H. Chadbourne Co. His vehicle was found parked near the woodlot with a pruning saw, flannel shirt, and a hard hat, a few hundred yards distant.

The air and ground search, coordinated by the Game Warden Service, involved over a hundred searchers in the area Saturday and grew to an estimated 200 on Sunday. Temperatures over the three day period were in the 90's, with high humidity.

According to a State Medical Examiner on Monday, the victim may have died from heat stroke, an insect bite or bee sting, or an allergic reaction.

Cole Block Facade Repainting

During their meeting last Wednesday, June 6, Municipal Facilities Committee members voted to act on the architect's recommendation to use solid color stain on the Cole Block's exterior and is seeking the services of a reputable, local-area painting contractor to complete the preparation and painting of the Main Street facade this summer. The color scheme that has been selected is cream with brown trim, adjusting somewhat the cream color to accommodate the special pigments of the stain. Additional information may be obtained from and proposals submitted to the Town Manager's Office (824-2699) at the earliest possible date.

Mrs. Collette Morgan, Corres.
With flags flying and drums rolling, America will again mark Flag Day this week.

Born June 14, 1777, Old glory for scores of years has been the banner of hope and freedom, for generation after generation of Americans. From the first flag with 13 stars it has been a symbol of a group of 13 colonies grown to a united nation of 50 sovereign states. Planted firmly on a plain, the American flag has proved an inspiration to untold millions for more than two centuries.

It now ripples against the blue sky, a colorful and beautiful symbol of liberty, freedom and justice. O' Long May It Wave!

The first promise of summer is always an exciting thing. Saturday was a nice bright day from the time the sun came up bright and red until it was starting to turn gold, as it went down.

I didn't like this week to see the lilacs as I had planned so I missed them for this year. I took a fall the first part of the week which injured my knee and I couldn't make the climb to the top of the hill. I was admiring the mirrored pond instead of looking where I was going, stepped wrong and was down on the grass.

This Saturday morning, before breakfast it was delightfully cool and breezy, and a restful excitement that made me want to wander barefoot on the lush green. (Not really for I do not like to go barefoot.) But I spent the forenoon painting on the garage and doing some laundry.

At noon time the breeze stirred the pond. A big blue heron was high-stilted along the edge of the far shore, full of jerky dignity. It was fishing so I decided I would go, too. I put on my cool fishing clothes and was just ready to go when friends drove into the yard.

It was a delight and a surprise to see them but I wasn't very presentable. I would have gladly stayed for a visit but they made just a dooryard call.

I took my boat out and went to the back shore. Six baby ducks over there were startled and swam away.

The fishing wasn't fast but part of the fun for me is sinking into reverie, while watching automatically, picking the likely looking spots almost subconsciously, yet I notice the beauty and life around me.

As my boat drifted and turned I cast here and there. The quietness was disturbed by a plane droning overhead. It was hard to locate. Finally I spotted a speck of silver way over on the western horizon, nowhere near where the sound seemed to come from.

As I sat waiting for something to happen and looking over the green expanse, a hawk checked for his lunch, a redwing blackbird flew into its nest in a near by bush, and I had a strike and a catch—a twelve inch pickerel.

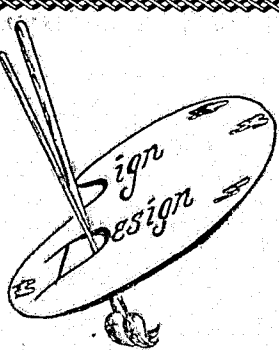

I moved down pond and caught several more before I pulled against the waves to go home.

We spent the evening on the lawn watching the sun set in a parade of gold. A lovely day.

Sent in by Viva Whitman:

Does everyone feel like a grease spot today? I swear one ought to be able to lose weight when perspiring so badly. Anyway, this ought to help the gardens get drier and start to grow better.

Started the week off by going to North Bridgton to see my doctor. He has moved from Fryeburg to North Bridgton. He still has things to do to get the yard finished and on Monday still had some electric wiring that needed doing.

Was on the go again Tuesday but this time to Berlin to see if Russell could get the bows on his glasses fixed. He had broken one and they don't have the kind he likes around here. Did a little shopping on the way home and of course had to spend a little money; otherwise it burns a hole in one's pocket. Grace went with her car and drove, as it bothers Russell to drive too far.

Drove myself to South Paris on Wednesday for an appointment so Russell could keep working on what he was doing. In afternoon, I went up and had Grace shorten a dress for me; or I should say, pin it up so I could sew the hem.

Wash was piling up so went to do that on Thursday but didn't do too much else. Russell always finds things to keep him busy, either inside or out.

Friday was sure hot and muggy. Russell went up to the garden to work in the forenoon, but called it enough at lunch time. Wynona came with Courtney and left her with Grandma while she went to do her work at the Health Clinic. She brought up my Air Exchanger that I ordered.

Another hot day on Saturday, but as it was Grange night, I got things started early and made casseroles and a potato salad so I wouldn't have to work through the hottest part of the day. We had CWA night at Bear River Grange and had a good time even though a lot of the people I had asked to come, didn't. I was grateful to those who did and helped me to make a success of the program.

Didn't have enough ladies to fill the Executive chairs so three of the gentlemen filled them for us. Thanks to all. Also had Rodney Abbott as a speaker on Drug Abuse & Alcohol. Many thanks to him for coming also. Had a couple of things pertaining to aging by at times, but that is all. Our Red Squirrel and Chipmunk are regular customers under the feeder that has sunflower seeds in it. They squabble once in a while so we get quite a lot of entertainment.

Russell has gotten just about all his planting done and hope all of you who are raising a garden have gotten yours done too. Then comes taking care of it to see that it grows, but don't things taste good when picked from your own garden!

Next Grange meeting will be election of officers. That is June 23. Then there is a special meeting on June 30 for the five point meeting, with Alder River helping to host the meeting. We have voted to have a flea market on July 7 if good weather prevails; if not, then it will be held on July 8. The hours will be the same as last year: 10 a. m. to 3 p. m. and the charge for a table or space the same as last year, payable in advance to Russell Yates, Rt. 1, Box 1002, West Paris, Maine 04289. If you are interested in having a table, contact him as soon as possible.

JACKSON-SILVER POST #81

Jackson-Silver Post #88 American Legion, Locke Mills, met for their regular meeting June 9, with Commander Earl Merrill presiding at the meeting.

The members are trying to find the Junior Legion Baseball uniforms, used a few years ago.

There is interest in forming a team. If anyone has a uniform laying around, please bring it to the Post. It will be appreciated.

The men report the sale of the old hall. Many fine times were held there through the years.

This week some members will be going to the Legion State Convention in Augusta. They want our Dept. President Jeri Brooks to have a successful convention. It's been so nice having her so near and so helpful.

Mary Lyon was called to her daughter's in Florida. She has a new grandson and all is well.

The older members of the Post are saddened by the passing of WWI veteran Dave Chamberlain of Hartford, on Friday in Auburn. He has been coming to Locke Mills on Nov. 11, to ride with the WWI veterans. Our sympathy goes out to his dear wife, Mary, and her family.

Night. I shall try to have a program with music and am hoping to hear that an Outward Bound group will come and show pictures and tell of what they are doing. It would be interesting to have some of them tell us first hand what their project for this summer is and how they like learning to live in the wilderness, so to speak. I am very anxious to hear whether they are coming or not. I contacted one of the head people and am waiting for an answer.

The meeting is open to the public and hope it might interest some of you enough to come and join our little Grange.

The birds are singing outside and sound happy that the weather is what it is. We still watch the Pine Siskins fight at the feeder and wonder where they get so much spunk. It is fun to watch them go into the air with beaks open and trying to scare one another off. While they are doing that, another bird will take their place and it goes on and on. Had hoped the Gold Finches would stay around the feeder, but they don't like to fight for their food as well as the others, so we see them flying by at times, but that is all. Our Red Squirrel and Chipmunk are regular customers under the feeder that has sunflower seeds in it. They squabble once in a while so we get quite a lot of entertainment.

Russell has gotten just about all his planting done and hope all of you who are raising a garden have gotten yours done too. Then comes taking care of it to see that it grows, but don't things taste good when picked from your own garden!

Albany HUNT'S CORNER AND VICINITY

Kathy Bennett, Corres.

Today is still hot and humid but a welcome relief after the rains of last week.

School will be out tomorrow much to the joy of the children and the teachers.

Believe it or not I'm glad school is over for awhile—no more trips to Bethel every time I turn around!

The kids are tired and anxious to get on with their summer plans. Fred and Libby Scribner called at the Wardwell Farm one day last week.

Mr. and Mrs. Dan Hartman and family have been spending a few days at the Farm.

Recent callers at the home of Albert and Elma McAllister have been Rodney White, Barb Hooper, and son, and Virginia Williamson of Mechanic Falls.

Harvey Barton, Roger and Yvette Barton, and Grampa Barton were all callers at the Barton Farm last week. Tuesday, Franklin and Margaret went to Brownfield.

Saturday night Margaret, Jim and Brett Barton and Don Bennett went to the races.

Recent callers at the home of Hugh and Edith Stearns have been Barbara Inman, Frank and Terri Howard and children, Norm Crockett, Jerry Silva, Dave Bennett, Huldah Stevens, Dr. Shedd, Joe and Christine Hatstat and friends, Andy Inman, Mr. and Mrs. Clarence Waterhouse.

The gardens are planted at K-D's Acres! There was a while when I wondered if we would ever make it! Now the endless hoeing and weeding begins.

Tuesday night Dick and I attended the Sports Award Assembly at Telstar where Dave received his letter in track and the Most Improved Player Award.

I called on Gus and Polly McAllister one evening last week also Flo and Warren Cairns.

Callers this week have been Margaret and Franklin Barton, Jim, Brett and Jeff, Hugh Stearns, Lorrie and Steve Hodgdon and Lolita, June Inman, Brian and Michelle, Esther Rugg, and Libby Scribner.

Dave attended Project Graduation on Friday night.

Have a good week everyone. Enjoy the warm and pleasant days

His uncle Alfred put together an oyster stew and served "snook", brought back from Florida, a very special fish caught in southern Florida.

Cousins Mr. and Mrs. Warren Kneeland and Shirley's sister, made it down from Manchester, N. H. in spite of the heat. Mrs. Donald Meserve, her mother, Lorraine and Jason, came by to see their relatives from Michigan.

The West family came with a box of goodies and with the arrival of Dorothy and Ellen it meant music. Grandpa Cleve got out the water hose to help the four grandchildren beat the heat. Gram and Grandpa Cummings and Rick Whitney and Ken and Maxine made the group total 25.

Troop 565 News

Wednesday, June 6, 1984, was the first weekly Scout meeting until fall. It has been a good year for the Troop and a busy one. Enrollment is now up to well over two dozen, and promises to be even higher next fall.

This last meeting served to be a catch-up meeting. Many of the Scouts had completed various requirements for advancement. Among those earning skill awards were: Jeff Lyon, Eli Dreher, Brian Hughes, Timmy Chapman and Mike Clark. Merit badges went to: Chris Hanscom, Jeff Lyon, Chris Chapman and Timmy Chapman, all in Safety. Chris Hanscom managed to complete two others in Citizenship in the Community and Personal Management.

Advancing in rank were: Mike Clark to Tenderfoot and Brian Hughes to Second Class.

Because the weekly meetings have ended for awhile, it does not mean the Troop won't be Scouting. There are plans to attend two different Scout camps this summer. Some are going to Camp Hands in Raymond for a week and

Many in the area were in Bryant Pond viewing the train wreck by Stowell's mill. It is such a pity that people can't see the difference between right and wrong until it is too late. It just makes me feel sick for them. Some day it will be just too late. Think about it.

We had a solid week of rain in this area. And I mean rain continuously. Many gardens weren't planted and those that were wished they weren't. Some gardens are under water still so I guess they will be late this year.

The dandelions were very thick. I mowed off a lot to keep them from spreading, then the rain came. They went to seed just the same and then—the wind came and seeded them down before I could get on the land to mow them off. Now the mower has broken down. Sometimes you just can't win, can you?

Baiber Davis took me for a ride to Ramford, Carriage and Wilton on Sunday. It was lovely.

Carl Brooks fell and hurt his bad knee. He has been going on crutches this week. Little and I were at our Grange meeting as Carl didn't feel like climbing stairs yet. Tuesday we went to Pomona at Pleasant Pond. Richard Felt and Florence went with us.

Jerrold Mason's high school at Freeport closed for the summer so the family has been busy attending the closing days of school with him.

Mrs. Esther Davis was in Oxford Monday and picked up her grandchildren, Neil and Jackie Tibbets and a friend of Neil's, Jamie Farrington. They went to Bryant Pond to see the train wreck. The young folks had supper with Mrs. Davis before returning home.

Richard Felt attended Turner Grange Saturday afternoon and Rumford in the evening.

FRIENDLY SENIOR CITIZENS

The Friendly Senior Citizens met at the Country Way Restaurant on June 6.

President Gene Mallett opened the meeting with the Lord's Prayer followed by the secretary's and treasurer's reports both accepted and approved.

Betty Larsen baked the birthday cake for the following celebrants: Betty Stearns, Alice Knights, Edith McAllister, Fran Hamilton, June Starbird, Eunice Grover and Lillian Herrick.

Lee and Chrystle Lord have been married 54 years this month. Planned trips for the summer are as follows: Songo Queen, two hours on Long Lake June 29, at 11:00 a. m. from Naples. Own transportation. Bring a lunch.

South Harpswell, July 17. Bus will leave North Waterford Church at 9 a. m. Pick up at Nonway

PUBLIC NOTICE

Bethel Inn Golf

The opening of the Driving Range at the Bethel Inn and Country Club was very successful, highlighted by a golf exhibition and long-drive contest. The longest drive was hit by Barry Bodwell, 278 yards, substantiating his nickname, "Long-Ball." The long drive will be an annual competition and winners will be recorded on a plaque in the Pro Shop.

After the long-drive contest a scramble of 38 players was held. The winning team set a new record for scrambles at 6 under par consisted of Mike Walsh, Cathy MacDonald, Ralph Caye, John Tapley, Inv Farrar and Amy Farrar. Second place team was one stroke off the pace at 5 under par and included Harry Andrews, Theresa Ouslette, Dick Raser, Rich Raser, and Gretchen Davidson.

On Sunday, a Scotch foursome was held. John and Louise Morton were the winners with a net 82.

The men's league started last Thursday and after one week the standings are (by team captains): Jim Lumney, 6 points; Barry Bodwell, 6 points; Rocky Myers, 5 points; Dave Whitman, 5 points; Pete Matthews, 4 points, and John Morton, 4 points.

On Father's Day, June 17, a Father-Son/Father-Daughter Golf Tournament will be held with age divisions. Check out the Father's Day specials in the Pro Shop.

area many times and collecting data. This was meticulously recorded in notebooks she assembled combined with photographs, many of which are dated from the early years of this century. She gave her manuscript detailing the history of the Sunday River Road to the Bethel Library in 1947 and it was there it was discovered by Randall B. Bennett of Rumford. Bennett later edited her work into a book "Sunday River Sketches" which has sold nearly a thousand copies.

Through the generosity of Mrs. Wilkins' daughter, Doris Fifield Wilkins, Bennett has been able to gain access to more of her collection, much of which consists of photographs taken by Mrs. Wilkins or her brother, Fred Alonzo Fifield. What is then preserved here are pictures of buildings, people and vistas long gone. Of particular interest was Mrs. Wilkins' documentation of Riley Plantation which today is largely wilderness, but in the early years of this century still had people and farms.

Bennett has copied most of these photographs and his slides presentation "Katahdin, Bethel and Vicinity: The Photographs of Martha Fifield Wilkins" provided ample evidence of Mrs. Wilkins' keen eye for detail and foresight in documenting a way of life long since disappeared. Bennett, a graduate of the University of Maine at Farmington, has lectured and written widely on Maine history. He has also assembled an exhibit on the work of Martha Fifield Wilkins that will be on display at the Dr. Moses Mason Museum during the summer months (9 a. m. to 5 p. m. weekdays and 1 to 4 p. m. July and August, Saturdays and Sundays).

During the business portion of the meeting, Vice President Alden Kennett, presiding in the absence of the President Donald G. Bennett, congratulated the Art Committee and the Museum Committee for a very successful Faye Taylor Memorial Art Show and 150th birthday observance of Dr. Moses

LOAN CLOSET NEEDS MEDICAL EQUIPMENT

Due to the expansion of the Long Term Care program for the Elderly in the Bethel area, there is an increased need for all types of durable medical equipment for use in the home. Wheelchairs, commodes, hospital beds, quadruped canes, overbed tables, etc., are in demand. If you have any of this type of equipment, the Health Center and Muriel Whitney, in particular, would certainly appreciate a donation to the loan closet. Sometimes the use of such equipment makes the difference in the quality of life enjoyed by the elderly.

Letters to the Editor

To the Editor:

Next Sunday, June 17, at the Bethel Inn it will be my pleasure to witness Rick Whitney being nominated as the next Executive Director of the Greater Bethel Chamber of Commerce. Rick has already spent many many hours drumming up support for the local retailers in the midst of the Bethel market place.

No one can escape the buying and selling process and it is always to our benefit to have increasingly better sellers with a great variety of goods and services as it is the seller's benefit to have more and more shoppers.

Rick Whitney has already shown a strong, very worthwhile interest and skill in promoting the retail values of the Bethel area which is what a chamber of Commerce is all about.

I hope that in the coming months the Bethel area's business owners and the local buying public will give Rick and his committees who are trying to improve our local commerce their support and encouragement.

Sincerely,
Donald G. Bennett

THANK YOU
We would like to thank the Woodstock Town Team members who put their time and effort into making the ball field more respectable.

Thank you,

RESOLUTIONS OF RESPECT

Called by our Heavenly Father, Another Member of our Great Grange Family has laid down his implements on Earth and gone to his Paradise, Eternal in the Heavens.

May the following lines become a symbol of memory for Brother Raymond Tripp Sr.

He was a friend to one and all, He'd stop and chat—pass the time of day.

Both Young and Old respected him, He won us all, as he came our way.

He did his part for his Country too, To help Uncle Sam, he lent a hand.

He served abroad in World War Two, To save his home and his native land.

He lived a life of many years, But had his problems like the rest.

He conquered trials one by one, Whatever came, He did his best. He was a Husbandman, who loved mankind,

And cared for all that passed his way.

We lost a True Patron, Neighbor and Friend,

When his name was called, on that long sad day.

May a copy of these lines be given to the family of our Worthy Brother and a copy sent to the "Bethel Citizen" for printing, that others may share our feeling.

NEW ACQUISITIONS — WOODSTOCK HISTORICAL SOC.

At the last meeting of the Woodstock Historical Society several acquisitions came in to the museum. Ed Quinn very graciously gave the Society Rufus K. Dunham's keys to the Bryant Pond Railroad Station. Royden Billings originally gave them to his for his museum, but he said he felt they now belonged in the Woodstock Museum. With them he gave some mid-19th century railroad documents as well.

In addition, Ruby Emery presented the Society with a handsome, large notebook full of information on the State of Maine. It will remain on reserve in the museum archives. Cleo Kerns sent a new addition to the library's collection of 19th century books. And Richard Fraser contributed some railroad signal flags. Also, among the items found in the building

were a hairbrush with handsome engraving, a keg, and a barrel. These have been added to the Museum.

All donors are extended the gratitude of the Society. With such gifts coming in, the Museum can hardly help expanding.

North Paris

— Evelline B. Vatcher, Corres. —

Such a glorious week end, Beach parties, baseball, stock car races, gardening and whatever a person fancied and not a drop of rain. Mr. and Mrs. Frank Perham attended the graduation of their daughter, Patricia, from Bates College June 4. Frank said one clap of thunder there during the shower, wind blew and plenty of large hail stones.

Doris Lawrence went with Mr. and Mrs. Albert Penley, Sr., to Lewiston and Doris and Marietta had appointments with the eye doctor. They called on Mrs. Helen Emery at Mechanic Falls.

Community Club meet was held at the hall June 6. Voted not to have a supper in June as it is a busy month. July 28 is the date for the next supper with home-made strawberry shortcake for dessert and we will have enough berries to please everyone. Mr. and Mrs. Joe Vatcher engaged the hall for July 1, for a 45th wedding anniversary party for "Root" and Doris Lawrence from 2-4 p.m. with friends and relatives invited. Mark the date on the calendar. The club will not hold a meeting in July as the supper plans were made at the June meeting.

The Tripp family from South Paris have moved into the former Harold Stevens' home. They have four children and were former residents.

Mrs. Rhoda Vatcher went to Saugus, Mass., several days, returning home Wednesday.

Robert Isley has enlisted in the U. S. Air Force and expects to

go to Texas in two weeks. On June 8, his brother Scott graduated from U. S. Army cooking school in North Carolina.

Mr. and Mrs. Bud Quinlan, Saugus, Mass., called on her uncle and aunt, Joe and Evelline and aunt Rhoda Vatcher on Saturday evening. They were camping at Keoka Camp Ground.

Fishing was good when Joe Vatcher and Bobby Isley went several times the past week.

Mr. and Mrs. Harlan Abbott joined the Newton family at Mechanic Falls Sunday for a cook out.

Norman Abbott of Roxbury road would like to get a map of Buckfield as he and his wife and mother-in-law got lost over there Saturday evening. Is Buckfield on the map?

Callers at Lawrences: Mr. and Mrs. Herman Card and great granddaughter, Danielle. Mr. and Mrs. Joe Vatcher, Elizabeth Cummings, Mildred York, Stevie Millett, Mr. and Mrs. Norman Abbott, and Alice Goff.

The road conditions have changed in the past week. This Monday morning the large power shovel is working near Fred Oja's.

Evelline has a doctor's appointment today and without a fan she may be just a grease spot when she gets home but this beautiful weather is just what we need to make the asparagus grow and we have 20 bags in the freezer in a week. It will be a treat when we have a blizzard. Joe Vatcher replanted potatoes today, also sweet corn.

Have a good week and watch the sun burns. They can be quite sore at times.

Rotary Club News

The Bethel Rotary Club held its weekly luncheon meeting at the Sudbury Inn on June 12. The Club meeting format was altered in deference to Bob Chadbourne, Jr. The song was eliminated from the program. Norman Rust was asked to hold a minute of silent prayer and also to lead the Lord's Prayer. The tragedy which occurred this past week end has given the community another unpleasant shock. The heartfelt sympathies of all, are extended to the parents, and to other Chadbourne family members. I talked briefly with Bob Chadbourne on Monday evening and he expressed his appreciation on behalf of the family for the tremendous display of support given to the search by the State of Maine, wardens, police, rescue service teams, ambulance service personnel, and the hundreds of others who provided logistical support by furnishing food and drinks, and their time and labor to this tragic cause.

The program chairman at this meeting was Ed Quinn and his subject was rail-roading. Ed read about incidents that happened 100 years ago involving accidents on the railroad in the local area. The program was interesting and well received. Randy Baker was formally accepted into the Rotary Club at this meeting. Romeo Baker had the privilege of placing the Rotary pin on his son, Randy. Welcome to the Club, Randy. Mollycodd Day planning and the 10th anniversary social continues to dominate the program. Schedules are being firmed up to eliminate any last minute problems. Visiting Rotarians and guests joining with Rotary Tuesday were: Bill Lowther, Boonton, N. J.; Ira Pitcher, Auburn/Lewiston; Arthur Meader, Rumford, and Bill Wood, Dover/Durham, N. H. The program chairman for next week is Lennie Shaw. Norm Rust will give his classification speech for this meeting. The District 779 Conference is rapidly approaching (June 21-24). It will be held at the Balsams Hotel this year and will be partially attended by Bethel Rotarians and wives. The call is still out for anyone having items that can be used for the Mollycodd Day auction. Please call Roger Conant for pick-up arrangements.

West Paris

The Ladies Auxiliary of West Paris Fire Department met for their last meeting of the summer on Monday, June 4. Meetings will resume in September.

Mr. and Mrs. Everett Chase, Mr. and Mrs. Rick Chase, Ricky and Chad, Mr. and Mrs. Nestor Karokalainen, Lisa, Karen, Angela, and Jennifer, Mr. and Mrs. Randy Chase and Becky were at camp on North Pond over the week end. Rick and Becky were observing birthdays.

There were 91 members and guests present at the annual West

Paris Alumni Banquet on Saturday night held at the Grange Hall. Mr. and Mrs. Barry Millett, Stacey and Brian, of Quincy Mass., Mrs. Frances Millett, Mrs. Andrea Lyons and John-John, Lewiston called on Mrs. Lula Buck on Saturday.

that need and more! Divided chronologically into 40 chapters, this book makes fact finding a pleasure rather than a task. The book contains factual material, names, dates statistics, as well as portraits, physical and personality sketches, bibliographies, quotations by and about the presidents, an index and cross references. THIS WEEK AT THE MOSES MASON HOUSE

As summer approaches thoughts of family reunions come to mind and this year the national Holt Family Association will be meeting at the Moses Mason House on Saturday, June 23. The Holt family is one of Bethel's oldest families whose earliest members settled here in the 1790's. They came to Bethel from Andover, Mass., and were descendants of Nicholas Holt, an early settler of that town.

Newest members of the Bethel Historical Society are Stephen and Lynda Chandler, Bethel; Mrs. Dorothea Hitzel, Bethel; Lee and Virginia Hutchins, Bethel, and John P. Howe, currently of Spokane, Wash., a former Bethel resident. Membership in the Society is at an all-time high with nearly 600 members currently listed.

Latest contributors to the 1984 Bethel Historical Society endowment campaign are Lee and Mary Mills of Locke Mills.

BETHEL LIBRARY NEWS

SACOE Course "Books and Periodical Selection" has been completed after 10 weeks of classes taught by Mary Valentine. Attending classes and receiving credits from Bethel Library were Virginia Keniston, Monique Rolfe and Edna York.

A record attendance of 35 preschool children was present Thursday, May 24, at Story Hour. However this is typical as the attendance is great each week. Story Hour will continue to be held throughout the summer on Thursday mornings, same time, same place, 10-11 a. m. with Mrs. Hitchcock, Story Lady.

Tuesday morning, May 22, and Dee Dee Kellogg's nursery class of 3 year olds visited the Bethel Library for a Story Hour. Each was given super man bookmarks, "Knowledge is Real Power."

The Art Exhibit at the Library during June is by Helen Morton of Newry, with her latest paintings in water color and oils.

"Reading Hour" for elementary children, 1-5, will be held on Tuesday mornings, 10-11, during July and August. Plans are underway for the program, so watch The Citizen for further notice.

The "Reading Rainbow" program will be presented on Channel 10 TV during the months of July and August. It will be on four weeks then repeated four weeks. The are 15 new books added to this program which Bethel Library has purchased along with all the Reading Rainbow books. It's a terrific show!

Summer time is a great time to READ FOR FUN.

Some books have a way of not being returned to the Library when due. The trustees have initiated a policy where if a book is not returned on time the patron will be notified twice either by mail or by telephone. The third time a bill will be sent covering costs of books borrowed. The last step will be to have someone visit the patron to recall the books and the patron will be dropped from membership and will lose library privileges. All overdue books will be accepted with no fine during the month of June.

"Mollycoddle Day" will soon be here. A used book sale is to be a library project. Anyone having used books they wish to donate to this cause may bring them to the library or to Louise Lincoln.

Magazines are available at the Library to be borrowed. Among those available are: Bittersweet, Ranger Rick, Changing Times, Consumer Reports, Down East, Farmstead, Good Housekeeping.

LOCAL WOMAN ATTENDS ASSOCIATION

"Love is the liberator," says Mary Baker Eddy, author of the Christian Science textbook used with the Holy Bible at every Sunday service in the church she founded in Boston, Mass., also in branch churches worldwide.

On June 2 one of the many annual meetings of class-taught students of Christian Science was held in the assembly hall of Chestnut Hill Benevolent Association. Spiritual healing is the purpose of this institution. Mrs. David Thompson was present at this meeting and tells that a public practitioner listed in The Christian Science Journal was introduced by the President as having come from Switzerland to this land. She now lives in New York City.

A beautiful arrangement of rhododendrons, white dogwood and lilacs graced the platform as she gave a most searching and inspiring address. Her subject of this talk on Christian healing was, "A Home of Marvellous Light."

Ladies Home Journal, 321 Contact, Cricket, McCall's, Organic Gardening, Money, National Geographic, World, Your Big Backyard, New Shelter, Outside, Penny Power, Reader's Digest, Saturday Evening Post, Yankee, Stamp World.

If you have magazine subscriptions and wonder what to do with them when you are finished, perhaps you could give them to the library to share with others. Contact Librarian Virginia Keniston. Several that are donated at present are: Audubon, Better Homes and Gardens, Cuisine, Photography, Smithsonian, New Yorker, Country, Collectables, Flower and Garden, Linn's Stamp News.

FROM THE BETHEL AREA HEALTH CENTER

During hot and humid weather, a buildup in body heat can cause heat stroke or heat exhaustion, particularly in the elderly. This is especially true of those with heart and circulatory disease, stroke or diabetes.

Heat-Related Illnesses — Heat stroke is a medical emergency requiring immediate attention and treatment by a doctor. Among the symptoms are: faintness, dizziness, headache, nausea, loss of consciousness, body temperature of 140° F (40° C) or higher, measured rectally, rapid pulse, and flushed skin.

Heat exhaustion—takes longer to develop than other heat-related illnesses. It results from a loss of body water and salt. The symptoms include: weakness, heavy sweating, nausea, and dizziness. Heat exhaustion is treated by resting in bed away from the heat and drinking cool liquids.

In Hot Weather:—The best pre-

caution is to remain indoors in air-conditioned room. If your home is not air-conditioned, you might go to a cool public place (like a library, movie theater, or store) during the hottest hours.

Other good ways to cool off include taking baths or showers, placing icebags or wet towels on the body, and using electric fans (being careful to avoid getting an electrical shock). In addition, it is wise to: stay out of direct sunlight and avoid strenuous activity; wear lightweight, light-colored, loose-fitting clothing that permits sweat to evaporate; drink plenty of liquids such as water, fruit and vegetable juices, and iced tea to replace the fluids lost by sweating. Try not to drink alcoholic beverages or fluids that have too much salt, since salt can complicate existing medical problems, such as high blood pressure. Use salt tablets only with your doctor's approval.

Above all, take the heat seriously, and don't ignore danger signs like nausea, dizziness and fatigue.

Though Words Can Not Express It

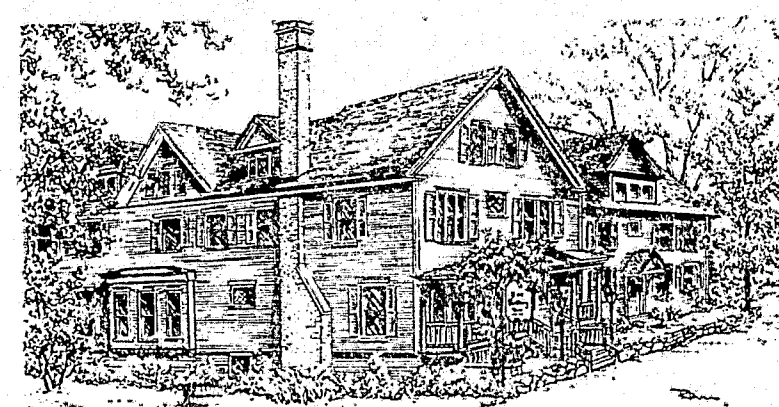

People show their best side when their neighbors are in trouble. This has never been pointed out to us so thoroughly than over this past weekend.

Bobby had disappeared while working in the woods Friday afternoon. Those who knew about it worked very late Friday night, some non-stop, trying to find him. On Saturday and Sunday hundreds of people turned out to brave the heat, insects, swamp, and thick woods to help. Behind all the people in the woods were scores of people supplying food, drink and transportation—all essential to helping the searchers. State agencies, under the leadership of the State Warden Service, including the Forestry Service and the State Police were there giving expert, professional help. Many local organizations including, but not limited to, the Bethel Emergency Ambulance and Rescue Service and the Bethel Fire Department played an invaluable part. Private organizations turned out in force to aid also.

But the most heartening thing was the people! Our neighbors from Bethel and surrounding communities—whether they knew Bobby or not, were out there, shoulder to shoulder, pushing themselves at an unpleasant task. They did it not because they were asked and not because they were obligated. They responded as if it were a member of their own family. As we reflect upon those people and organizations, we could name scores of those people that we personally came in touch with. But really all the people, young and old, in the woods, serving the food, at home preparing the food, and answering the telephones and doing many other worthwhile things were all a vital part of the effort.

No, Bobby didn't make it, but humanity, compassion, and the human spirit to help those in need are still alive and well.

Thank you all and God bless you.
